We place great value on professionalism and outstanding customer service.
We install your equipment exactly the way you want it.
We are happy to adapt your existing equipment layout to the new vehicle
and are always open to your individual requirements.

Our vehicles are typically ready for delivery within 8–12 weeks.
Our pricing is unbeatable and does not compromise on quality.

If you have any questions or requests, we're here for you – just like the fire brigade: fast, reliable,
solution-oriented.

You are warmly invited to a test drive and vehicle viewing in Berlin.
If you're arriving by train or plane, we will be happy to pick you up.

Wir freuen uns auf Ihre Antwort.
